Designer Blinds and Awnings for Windows

markilux

The best under the sun

Textile shading provides improved living comfort

markilux designer blinds and awnings for windows offer numerous advantages in comparison with standard shading systems. They offer effective protection against the often blinding rays of the sun and prevent the room from heating up, thus maintaining a pleasant living environment. markilux designer awnings immerse your room in softly adjusted daylight without blocking out the sun entirely. Ease of operation or integration into a home automation system is a given at markilux.

Diversity in textiles

Whether opaque or transparent, discreetly patterned or garishly bright: in our markilux collection you will find just the right awning fabric to create your own personal sunshine.

Effective solar protection

markilux vertical roller blinds provide optimum UV protection and convert the sun's sometimes blinding rays into soft ambient lighting.

Optimum protection from prying eyes

markilux awning covers protect you from prying eyes and maintain the privacy of your own four walls.

Models and options

As individual as you are: choose the markilux with the style and accessories that match your home.

markilux designer awnings have received a multitude of awards:

Perfect cover tension

Depending on the model, markilux vertical cassette roller blinds are equipped with special gas pistons. This gives the cover perfect tension even in larger units and under greater wind loads.

markilux tracfix

This lateral cover guidance system without a gap between the awning / blind cover and the guide track: guarantees a more attractive overall appearance and better wind stability.
